

# MUHAMMAD TALHA

Junior Laravel Developer

talhashinwari7474@gmail.com | +923034515043

[Linkedin](#) | [GitHub](#)

## EDUCATION

### University of Engineering & Technology

BS Computer Science

CGPA: 3.34

Peshawar, Pakistan

Sep 2018 - Aug 2022

## EXPERIENCE

### Ebridge Technologies Pvt Ltd | PHP Developer

Islamabad, Pakistan | December 2024 - Present

Specializing in WordPress backend development and custom WooCommerce plugin creation. Skilled in building scalable solutions, optimizing performance, and enhancing e-commerce functionality.

### Wise360 Solutions | Junior Laravel Developer

Abbottabad, Pakistan | February 2024 - June 2024

- Backend Development: Leveraging Laravel, I contribute to building robust APIs, implementing role-based permissions, integrating middleware for enhanced security, and facilitating smooth communication.
- Inertia.js Integration: Proficient in Inertia.js, I create dynamic, single-page applications that enhance user experience by minimizing page reloads and optimizing performance.
- React Collaboration: Collaborating with React developers, I integrate front-end components, manage state, and enhance user interfaces, resulting in responsive and engaging web applications.

### AntonX | Laravel Intern

Peshawar Pakistan | Aug 2023 - Jan 2024

- Engaged in an intensive six-month Laravel learning, mastering essentials and advanced concepts.
- Gained expertise in object-oriented programming (OOP) principles, crucial for modern software development.
- Acquired a deep understanding of MySQL database management for robust web applications.

## SKILLS

Programming Languages: PHP, Javascript, SQL, CSS, HTML, WordPress

Libraries/Frameworks: Bootstrap, Laravel, JQuery, Ajax, Inertia.js

Tools / Platforms: Git, Github, Gitlab, PhpMyAdmin, MySQL Workbench, SQLyog, Jira

Databases: SQL, Eloquent ORM (Laravel)

## PROJECTS / OPEN-SOURCE

### SiteWide Sale for WooCommerce | Link

PHP, WordPress, CSS, JQuery

- Developed and launched the Sitewide Sale for WooCommerce plugin, now featured on the official WooCommerce marketplace.
- Developed features for global discount scheduling, banner customization, and seamless integration with WooCommerce store workflows.

### Alif-fms | AntonX

Bootstrap, Laravel, JQuery, Ajax

Developed a Laravel-based audit and finance platform, optimizing CRUD and UI with Bootstrap. Built a user-friendly file upload and project management module with real-time status updates for efficient tracking.

### WSSCA Abbottabad | Wise360 Solutions

Laravel, PHP, Inertia.js

Developed the Laravel backend for WSSCA, integrating with a React frontend via Inertia.js. Enabled service applications, complaint management, and lab test requests.

## CERTIFICATIONS

- SQL Basics - **HackerRak**
